To Whom It May Concern,

I am writing you today to support the efforts of Jezreel International and their attempt to obtain a grant aimed at allowing Jezreel to continue to help the victims of Sandy by providing supplies to rebuild their homes and lives.

Jezreel International is a nonprofit organization that provides needed supplies, food, clothing, personal care products, furniture and building supplies to people that are in need across the world. Following Hurricane Sandy Jezreel International collected supplies for the storm victims while working in conjunction with numerous corporations. Staten Island has so far received two shipments of supplies that are needed by my constituents that are still in the process of rebuilding their lives and homes. From speaking to my constituents I can tell you that the supplies were welcomed and appreciated.

While Jezreel, with the help of Upstate New York Cares, continues to collect supplies to distribute to victims, they are in need of funding to transport the supplies. In light of their work to help others I hope you will give every consideration to their appeals for grant assistance.

Sincerely,

Michael G. Grimm
Member of Congress
