

# Guatemala facts...did you know?

- Nearly half of Guatemala's children under 5 are chronically malnourished
- More than half of the population is below the national poverty line
- 23% of the population live in extreme poverty
- The literacy rate is 80.8%
- GDP per capita is \$4,363

It's so hard to fathom living in this level of poverty in the 21<sup>st</sup> century. JZRL has been shipping to Guatemala for several years. Recently Jonathan and Renata Cahn from Hope of the World Ministries asked us to ship a 40-ft container of medical supplies to Guatemala, and they were so generous once again to fund this shipment. This past month we shipped this wonderful shipment of medical supplies to them:
