

The tornado looked so powerful on radar as it neared the town of Amory, about 25 miles southeast of Tupelo, that one Mississippi meteorologist paused to say a prayer after new radar information came in. "Oh man, said a host on a live broadcast. "Dear Jesus, please help them. Amen."

As soon as we could get our contacts in place with a safe place to get emergency aid distributed, we began shipping 53-ft tractor-trailers of much needed supplies.

Over the last couple of weeks, we were able to ship 6 trailers full of supplies: two truckloads each went to Mississippi, Louisiana and Arkansas.

We are preparing more shipments to go to these strategic areas that were hit the hardest. So whatever you can do to help us with the freight costs would be a big blessing!

## **Rockets continue to rain down on Israel!**

The needs in Israel continue to mount as Israel battles on two fronts! We have a mandate to bless Israel and are now preparing our next shipment. Whatever you can do to help us would be deeply appreciated. God spoke in Genesis that he will bless those who bless Israel.

May the good Lord continue to bless you with His grace & Mercy!
