

Our other longtime partner, many are familiar with, is Food for the Poor, and they featured us in their newsletter:

Belize is a country about the size of Massachusetts. It has naturally diverse landscapes that range from the Maya Mountains to mangroves, waterfalls, islands, beaches and the Caribbean Sea. This small country is best known for its pristine jungles and rainforests.

Poverty is widespread, with 41 percent of the population living below the poverty line. Additional concerns in Belize include violent crimes that occur even during the day and especially in tourist-designated areas. Drugs, human-trafficking and gang activity is prevalent.

Many mothers in Belize were blessed to receive a supply of baby essentials that included sippy cups, bottles, diapers and wipes, thanks to a generous donation from Food For The Poor's caring donor Jezreel International.

Thank you, Jezreel International, for your ministry and your continued partnership in this humanitarian mission.

It's because of your faithfulness that we can together lift others up!

God bless you and yours over and above!
