HURRICANE IDA

'...WHEN MY HEART IS OVERWHELMED...
LEAD ME TO THE ROCK THAT IS HIGHER THAN I."
PSALM 61:2

Hurricane Ida – reportedly one of the most powerful to hit the Gulf Coast.

Homes and businesses destroyed and over a million homes are without power.

Amazingly, the hurricane hit Louisiana on the exact same day that

Hurricane Katrina devastated New Orleans 16 years ago.

Our contacts in Louisiana have listed the most direly needed items:

Prayer, water, drinks, baby products, non-perishable foods, generators, cleaning supplies, muck out tools, paper products, tarps, and mold mitigation products,

Freight cost shipment challenge from our warehouse to Louisiana is **\$5,000** - now up over **30%** because of fuel prices and driver shortages.

Our simple break down provides all of our Jzrl angels the opportunity to be a huge part of this blessing:

IF...200 angels gave \$25

100 angels gave \$50

or

50 angels gave \$100

provision could be on its way !!!

ISRAEL UPDATE

Israel's enemies are using combustible balloons intended to set fires to Israel's precious forests - especially around the Jerusalem area. Dealing with c19, rockets and now fires, this little country has suffered so much. Our Israel shipment, is now set and ready to be shipped.

Diapers, personal care products, paper products, new bikes, clothing, armoires and more. Thank God.

May the Supreme Rock of Israel & the entire globe
extravagantly bless & guard you!
